Roku Flashback Streaming App - Part 1

Multimedia Authoring

December 3rd, 2022

Developer Notes

Design
      Create a UX/UI wireframe, taking in mind all elements of the website
(ex. Font, formatting, spacing, etc.)
      Create a "flashback" logo/typeface so indicate the difference between Roku and
Roku Flashback

Development
      HTML - neat as possible
      Set up CSS/SASS
      Build the Database, paying attention to types of relationships needed (id, movie
titles, dates, media type, ratings, etc.)
      Fetch Data
      Display Data
      Building of other Javascript functionalities (click, hover, etc)
      Add any other elements, images, media, style decisions, etc.

Keep steady flow of pushing to github
